

St Peter's Staff Charter

Our Legacy...

The staff of St Peter's Catholic Primary School recognises the school's motto, "Called to Serve", is a responsibility to be role models for all members of our community.

We work together to promote an environment that is welcoming, positive, respectful, caring and supportive for all. We are dedicated to providing a faith filled, high quality education that recognises the diversity of individuals and nurtures a life-long quest for learning.

We embrace the concept of communal leadership, which recognises the richness of every individual, and encourage all to accept their responsibility to contribute to making St Peter's a great place to work, learn and achieve together.

As a Staff we value:
