Please notify the service if you require an interpreter service to engage with these or any other documents.

Child Care Subsidy

There are three factors that determine a family's level of Child Care Subsidy. These are:

- Combined annual family income
- Activity test – the activity level of both parents
- Service type – type of childcare service and whether the child attends school

The Child Care Subsidy is generally paid directly to service providers to be passed on to families as a fee reduction. Families make a co-contribution to their childcare fees and pay to the provider the difference between the fee charged and the subsidy amount.

HOW TO APPLY

You can apply for the Child Care Subsidy by using your Centrelink online account through myGov, or the Express Plus Centrelink app. You will be asked to provide: • your combined family income estimate for the current financial year • the hours of recognised activity including work, training, study and volunteering • the type of childcare your family uses
